## Salmon 'FAVOURITE RECIPE BOOKS' Series

Following the company's decision to withdraw from publishing, J Salmon Ltd. is pleased to announce that the publishing rights to the Salmon 'Favourite Recipe Books' Series have been acquired by Dorrigo.

Dorrigo is a family owned company, based in Manchester, specialising in the supply of products specifically related to the gift and tourist industry. Their key product lines include maps, guides and local interest books, as well as gifts and toys, and they are a leading distributor of Ordnance Survey related products.

Dorrigo has been distributing Salmon recipe books for many years and has taken over the printing, publishing and supply of the recipe books with immediate effect. As a result of this acquisition the Salmon recipe book range will continue to be available to the market and Dorrigo's sales team will be in contact with current stockists to discuss the supply of this range of books.

Please can all orders and enquiries relating to the recipe book series now be directed to Dorrigo, whose contact details are shown below.
